

Talk Homework for Just Write 24.6.19

What is the mystery?

We have spent the week working as detectives, solving the mystery of what suspense is. Clues have been examined and evidence has been scrutinised, making us the suspense and mystery experts! Your next case is to use your expert knowledge to now solve *the mystery of the missing teachers!*

You arrive at school on Monday morning. School is unlocked but the teachers are nowhere to be seen!

This week, your task is to write your own mystery story, detailing the clues you have come across and how you solve the mystery of the missing teachers. Remember to talk about how suspense can be built and why it is important to use suspense in your story.

Try to think how you will construct your story and how to include great **vocabulary**, **connectives**, **openers** and **punctuation!**

Have fun talking!
