

Playtimes

We are lucky to have large school grounds. We have invested heavily into developing our school area to promote physical development in our children.

- With the guidance of teachers on playground duty, playtimes are ran by Play Leaders (children trained to lead play). Play leaders organise daily activity timetables to provide children with a rich learning environment at play times.

- There is a friendship bench where children can go to if they have no one to play with and someone will always take care of them!

- The playground is zoned into different areas that the Play Leaders run. These areas are clearly labelled around the playground and zoned off by the coloured lines and include:

- Ball Skills
- Running Games
- Performance and Dance
- Traditional Games
- Reading Area
- Board Games

- We have a trim trail area for each section of the school– Nursery, Reception and KS1/2. All children have access to these every day.
- Weather permitting, the field is open during all playtimes.
