

Sport

Sport at Bowerham is really important to us!!

- For four years we took teams to the District School Games Finals in Blackpool.
- Locally, we have been the flagship school for the School Games, due to our participation in sport. For two years we have been awarded the Gold School Games mark.
- All children have a sports afternoon once a week, when they come dressed in their sports wear.
- Each child joins a 'House' when they join school. They earn points for their house as part of the school reward system and children work as a 'house team' during sports day. Staff are all also part of a 'house team'.
- We have a whole school sports day once a year that parents are invited to.
- Clubs are ran throughout school to promote further interest in sport.
- Bowerham School is part of two local sports networks and competes in all tournaments held through these clusters.
- Sport is promoted throughout the day– at playtimes, lunchtimes and through continuous provision.
- The school field is used, weather permitting, whenever possible at playtimes and lunchtimes.
- Our field has a 200m running track. We use this to promote our 'run a mile' challenge.
- We employ specialist sports coaches to work with children alongside the staff.
