London's Burning!

Year 1 go back in time to 1666

In Year 1, this term our topic is the Great Fire of London. To launch our topic, Year 1 made our very own Pudding Lane from paper houses. We learnt that back in 1666, the houses of London were wooden and really close together. On top of the warm weather at the time, this meant fire spread quickly. We learnt that the Great Fire of London was so big it nearly burnt down all the houses in the city! Today in London there stands a monument for the Great Fire. It was designed by Sir Christopher Wren, the same man that designed St. Paul's Cathedral.

Here are some facts we have learnt:

"Samuel Pepys kept a diary" **Finn**

"The fire spread from house to house" **Lottie**

"Thomas Farrier did not put out the fire very well and a little bit came out and it spread!" **Pavel**

"They had to ask the Lord Mayor if they could fire hooks!" **Elsie**

Year 1 learnt the well-known song 'London's Burning!'
You can learn the song for yourself with the words below:

London's burning, London's burning.
Fetch the engines, fetch the engines.
Fire Fire, Fire Fire!

The Gunpowder Plot

Past Productions Workshop

Year 2 children meet Guy Fawkes!

Throughout the Autumn term Year 2 have been completely immersed in their learning about The Gunpowder Plot. The children have absolutely loved learning all of the key dates and information and we have engaged in lots of research, creating fact files, using search engines and exploring a variety of different books to expand our knowledge.

We were very surprised to receive a letter from Guy Fawkes himself a couple of weeks ago, we were sent a secret message to reveal on his arrival to school so that he was able to trust us as fellow conspirators! Guy spent the day with us teaching us Tudor dancing, engaging in Bonfire Night crafts and we even created our own messages in invisible ink.

We had the most amazing day and we would definitely recommend the company Past Productions, we hope they can visit us again in the future!

What have we learnt?

'Robert Catesby was actually the leader of the Plot but he needed Guy because he was an expert in explosives and he was famous for his bravery' **Reuben B**

'I liked the role play with the different costumes and also the secret coding' **Kai Mc**

'I really enjoyed the Quiz with Guy Fawkes because I learnt lots of new information, like after The Gunpowder Plot Catholics were not allowed to vote!' **Nico**

'There were 36 barrels hidden in the cellar, Robert Cecil read an anonymous letter which helped them to find Guy Fawkes under the Houses of Parliament.' **Bert**

There were lots of people in the gang, Thomas and Robert Winter, Thomas Percy, Bates, Christopher and John Wright.' **Ivy**

The Victorian Enquirer

Back in time for Christmas!!

Throughout the Autumn term Year 3 have been learning all about the Victorians.

We have looked at Queen Victoria herself, her children, her reign and her diamond jubilee. We have learned about inventions such as the flushing toilet, dynamite and postage stamps. We have learned about famous local Victorians like Thomas Storey, James Williamson and Sir Richard Owen

We have been lucky enough to experience local Victorian history by completing a walking tour of Lancaster. Comparing streets and buildings from Victorian times to modern times.

On Monday 28th November we walked to the judges lodgings and experienced a Victorian Christmas. We made Cornucopia's in a Victorian classroom, we learned why there are 13 ingredients in a Christmas pudding, we sang Christmas carols and played party games. We even got to meet Father Christmas and see what Victorian children received as presents.

What have we learnt?

'I liked making the cornucopia the most because it was the most Traditional!' Jemima

'I liked meeting Father Christmas because he told us all about what children got as presents in their stockings' Zeke

'I really enjoyed singing carols with Father Christmas' George

'Kim's game was exciting as we got to test our memory' Bobby

'We could name the ingredients in a traditional Christmas pudding, which is steamed' Luke and Edmund

Pacing Pendle Hill

Year 4 went on a witch hunt!

On 19th October 2022, Year 4 went on a trip to plod up Pendle Hill to help us understand the background to our topic on the Lancashire Witches.

The coach picked us up at school and we drove for approximately an hour to the lovely Lancashire village of Barley. Charlotte said "It looks like pain and suffering to climb all that way!" The journey was very twisty. After a toilet trip, we set off along the main road, turning on to the track to beautiful majestic Pendle Hill. We had many stiles to cross, which took us some time!

We passed many flocks of fluffy sheep and even some porky pigs in a perfect pen. But no wicked witches, or evidence of their home, Malkin Tower!

The journey up the hill was, in places, quite steep and we had to really focus on what we were doing and where we put our feet. The view was spectacular, stunning and splendid. We

60 children scaling the heights!

could see for miles. We could see sparkling reservoirs, one of which was shaped like a heart, the whole village of Barley, terrific trees swaying in the wild wind and houses which were as clear as crystal.

We were also warned by all the people ascending the hill that it was extremely wild and windy on top. When we stopped for lunch near the top, Mrs Dyer went on ahead to check how windy it was further up. The adults decided after this, that it would be too dangerous at the top and we might blow away!

After our delicious lunches, we sketched the views and features we could see, hiding behind rocks for shelter making sure our paper didn't blow

away. "I loved sketching the view." enthused Leah.

Once we had completed our sketches and identified some of the human and physical features in the surroundings, we set off back down the hill. This was much easier than climbing up for most of us!

We arrived back in time for the coach, all tired after our tremendous trek, but we all enjoyed it, despite the fact that only Bob saw any witches. Strangely they all disappeared when we looked!

"I felt so amazing when we got back to the coach." reported Ben.

"I loved seeing the sheep up close." said Sam.

We would recommend climbing Pendle Hill to other pupils, it was fun.

Sketching the view.

Notable 1940s

Year 6 Tea Dance

On 10th November 2022 the Year 6 children recreated two 1940s tea dances to cover their learning in school and understand what life would be like during WW2.

That day, we arrived in school with traditional 1940s clothes to prepare for the dance, and baked some delicious scones to enhance the 1940s atmosphere. We had practised the dances with Miss Gemma (our dance teacher) and had it perfected within a few practises.

For more inspiration of the 1940s style we watched the Battle of Britain film in the

morning, which was also displaying occurrences of the same era.

That afternoon, our parents arrived to watch us performing and some of them even wore their 1940s clothes! We proceeded to practise both dances and stuffed ourselves with scones before the show took place. Leo said, "I want more scones...I only had eight!!".

Before we knew it, 6NH were up first to kick off our spectacular performance. We then then continued to alternate classes and perform our dances; after everyone had completed the first two performances everybody watching and all the children were invited up to learn a new dance. We ended the day with more scones before going home.
