Nominees are asked to give some information about themselves, which will help parents to decide whether to vote for them or not. (Maximum 100 words below).

As a current parent of 3 children (Year 5, 3, 1) at Bowerham with my eldest having finished Y6 this year I feel very much part of the Bowerham family. We have a fantastic school and I want to ensure that the school continues to help all of its pupils reach their goals and achieve their full potential - Stand Tall, Reach High and Love Learning. I place great value on effective communication to strengthen collaboration, and as a GP partner I have experience in medical education, leadership and governance. I am also a trustee of a local scout group.

I am a mum of 2 boys attending/attended Bowerham school and am passionate about the great work the school does around education and developing young people. SEN is also an area I have a keen interest in and at work I have built a network of parents/carers of children with neurodiversity who can help and support each other. I work in governance and can use these skills to translate complex regulations in practical terms and ensure these are delivered with people in mind and deliver for our children specifically.

As a parent at Bowerham Primary with a Year 6 child, I bring diverse educational experience. Initially a primary music teacher I now work for Blackpool Virtual School as an Education Officer championing the education of looked-after children. I'm deeply committed to advocating for disadvantaged and vulnerable children ensuring that all children have the opportunity for success. I have previously served as a parent governor and seeking to be re-elected to continue to support the staff and community in providing outstanding education for all pupils.
